☒ OVERNIGHT CARRIER
DISTRIBUTION

☒ IMMEDIATE ACTION

☐ HARD COPY MAILED

☐ 8 NUMBER OF PAGES
INCLUDING COVER

As you are aware, the Department of Labor (DOL) approved an amount of up to \$25,000,000 of which \$8 million was made immediately available for expenditure to serve California workers dislocated due to the devastation caused by the recent flooding. An allocated portion of these funds has been made available to flood affected Service Delivery Areas and the other service providers based on expressed estimated needs.

At this point, the expressed needs have far exceeded the \$25 million. It is our intent to seek additional funding up to the amount needed. Data and documentation necessary to fully support the application for the existing \$25 million award and to develop the additional request is needed.

Therefore, please complete and return the enclosed plan forms to us at your earliest convenience, but not later than February 3, 1997. The plan should be based on the most current data available, be for the amount of your full fund needs and be for the period of time necessary to accomplish the flood repair.

Additional funding will be allocated from the \$25 million award based on documented need. An allocation of the \$25 million will be based on an amount of not less than three times your the initial allocation or on an amount equal to your initial request. The lesser of these two amounts will be made available. Funding needs beyond the \$25 million will be made available from subsequent awards again based on the need documentation as it becomes available.

If there are any questions relating to this information, please contact Luis Hermosillo at (916) 654-5416 or Laine Hendra-Aldrich at (916) 654-5595.
